[The Tragedy Of The Templars](#)

Templars were often the advance shock troops in key battles of the Crusades, as the heavily armoured knights on their warhorses would set out to charge at the enemy, ahead of the main army bodies, in an attempt to break opposition lines. One of their most famous victories was in 1177 during the Battle of Montgisard, where some 500 Templar knights helped several thousand infantry to defeat ...

The Templars' political connections and awareness of the essentially urban and commercial nature of the Outremer communities led the Order to a position of significant power, both in Europe and the Holy Land. [citation needed] They owned large tracts of land both in Europe and the Middle East, built churches and castles, bought farms and vineyards, were involved in

Victory was imminent, but one final tragedy was to strike the planet. In order to preserve the secret of the Daemon Primarch and the Grey Knights, the entire population of Armageddon, as well as all the surviving soldiers, were rounded up, sterilized, and sentenced to work camps for the rest of their lives while a new population was brought to re-settle the planet. Despite these cautions ...
